

Thank you for such a comprehensive report. It is very clear to see needs, strengths, and really useful advice, and practical suggestions to use.

SENCO, Primary School

Great resources and strategies to use in school

Dyslexia, training delegate

Could you please thank her for doing the reports so quickly

Parent

A super course, very informative for staff and children in our care

Managing Anxiety, training delegate

Please thank ... for carrying out such a thorough assessment

Educational Psychologists

Educational psychologists help children and young people, aged 0 to 25 years of age, in educational and early years settings who are experiencing difficulties that hinder their successful learning. These issues can include; emotional, communication and social problems, cognition and learning difficulties, behaviour concerns, issues around disability.

About Psychology4Learning

Psychology4Learning (P4L) was established in 2017 and is a private provider of Educational Psychology Services. P4L services can be purchased by schools, educational settings, and other organisations. We have worked with over 100 schools in Buckinghamshire and neighbouring counties.

Expertise

All of our psychologists are registered with the Health and Care Professionals Council, have enhanced DBS checks, and private insurance. They have all worked as Educational Psychologists in Local Authorities, and have significant experience of working in schools. P4L is registered with the Information Commissioners Office and adheres to all data protection policies (GDPR).

- * **Bespoke training, for school staff or parents**
- * **Work with individual pupils, including observation, consultation, assessment, and final report/record of involvement**
- * **Work with groups of pupils**
- * **School staff drop-ins with the psychologist**

Why Psychology4Learning?

- * **Our psychologists:** have worked together for several years and have extensive local authority and education expertise
- * **Business processes:** ensuring client responsiveness, adherence to data protection policies, proof reading of documents, and a professional approach
- * **Team work:** working with colleagues allows our psychologists to share expertise
- * **Confidence:** purchasing from Psychology4Learning means you can be confident in the quality and professionalism of the service
- * **Experience:** P4L has been successfully operating as an independent educational psychology business since 2017.

Services

Schools and educational settings can purchase annual contracts from P4L, ensuring they have access to a named educational psychologist over the academic year. Delivery of annual contracts takes priority for the psychologists.

We also accept ad hoc requests, from schools or parents, throughout the year, but please be aware that delivery is dependent on psychologist availability.

- * **Strategic level advice e.g. school policies, SEND processes**
- * **Implementation of interventions**
- * **Professional supervision for school staff**
- * **Training sessions for trainee teachers**
- * **Staff consultation, individually or as a group**
